Lieutenant General Vernon A. Walters
Deputy Director, Central Intelligence Agency
Washington, D. C.

Dear Dick:

On returning to El Paso I found myself up to my neck with tasks that had to be done. Hence, this letter has been delayed.

Enclosed is a simple resume and up-to-date photo.

Please remember, I am not just looking for a time serving job. I have something better than that now.

My hope is that something unusual and challenging will come to your attention; something that I can consider of vital usefulness to the country. I think you know what I have in mind.

Understand, it can be with the CIA or other agencies, government or otherwise.

Sincerely,

STAT
